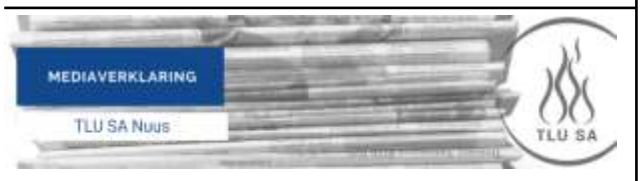
BKB wil graag bogenoemde kliënte gelukwens met hul prestasies.



TLU SA maan dat oppervlakkige grondoordrag landbou benadeel

TLU SA is nie oortuig dat die regering die verskil tussen landbou en sosio-maatskaplike hulp besef nie.

Die minister van Landbou, Grondhervorming en Landelike Ontwikkeling, Thoko Didiza, het op 1 Oktober aangekondig dat 135 117 hektaar staatsgrond vanjaar aan 275 boere – onder wie jongmense, vroue en mense met gestremdhede – oorgedra is. Sy het verder aangekondig dat nog ongeveer 260 000 hektaar staatsgrond binne die volgende twee weke geadverteer sal word. Vroue, jeugdiges en gestremdes sal voorkeur ontvang.

"Die minister maak 'n punt daarvan om boere te bedank dat hulle tydens die inperking voortgegaan het om kos aan die land te voorsien," sê Mnr. Henry Geldenhuys, die president van TLU SA. "Maar tog kom dit voor asof alles moontlik gedoen word om landbou – en veral kommersiële boere – te benadeel."

"Die opheffing van mense kan slegs gebeur as hulle self verantwoordelikheid neem. Wanneer dit in die landboubedryf gebeur, moet die nuwe landbouers die plase volhoubaar winsgewend bedryf om 'n bydrae tot landbou, en die ekonomie, te maak. Gebeur dit nie, is dit bloot 'n politieke spel om mag te wen."

TLU SA verwelkom graag nuwe toetreders tot die landboubedryf. Dié landbouers moet egter 'n billike geleentheid hê om 'n sukses van hulle boerderye te maak. 'n Verantwoordelike regering sou bestaande landbou-organisasies betrek by die evaluering, toekenning en daarstel van die kriteria waaraan nuwe toetreders moet voldoen.

"Suid-Afrika se landbougrond word as marginaal beskou vergeleke met ander produserende lande," sê Mnr. Geldenhuys. "Dit is daarom belangrik dat die beskikbare landbougrond met groot oorsig benut word. Dit is noodsaaklik dat die beginsel van ekonomie van skaal hier toegepas moet word."

"Ons het vir die toekoms kundige boere nodig wat hulle plase winsgewend in produksie moet kan hou. Die ANC se rekord van grondoordrag het in hul eie erkenning die skaars landbougrond op groot skaal uit produksie gehaal. Dit plaas voedselsekerheid in die weegskaal."

As die regte ekonomies-gedrewe benadering nie die kern van grondbenutting is nie, is dit bloot 'n politieke punte-insameling in plaas van 'n volhoubare oplossing vir die welstand en vooruitgang van die land.

CMW Wolmarkverslag

(30 September)

MARKANALISE

Die 6de en 7de wolveiling van die 2020/21 wolseisoen het, gekombineerd, op 30 September plaasgevind. Die Cape Wools Merino aanwyser het met 6.2% gestyg teenoor die vorige veiling en teen 'n skoonprys van R131.55/kg gesluit. Die Australiese EMI het met 6.3% versterk teenoor die vorige veiling. Die Rand het 3.3% swakker verhandel teen die VSA Dollar en het 2.1% verswak teenoor die Euro, teenoor die ooreenstemmende tyd van die vorige veiling. Die grootste styging van 7.2% was in die 18.5µ segment. Lempriere SA het op hierdie veiling die grootste hoeveelheid bale gekoop, gevolg deur Standard Wool SA, Stucken & Co en G.Modiano SA. Daar is in totaal 7713 bale aangebied, waarvan 92.0% verkoop is. Op die OVK veiling is 3804 bale aangebied waarvan 91.9% verkoop is. Die hoogste prys op die OVK veiling, van R165.00/kg, is behaal vir 'n 1 baal lot BFFY van 15.8µ, uit die skeersel van BPG Langfontein, vanuit Wakkerstroom. Dit was ook die algehele hoogste prys op die veiling. Die koper was Standard Wool SA. Baie geluk met hierdie prestasie!

VOORUITSIGTE

Dié styging kan toegeskryf word aan die versterking van die Australiese mark, asook die verswakking van die Rand teenoor die vernaamste geldeenhede en 'n groter aanvraag vanuit China. Wol ontvang in die makelaars se store hierdie week, is 8.9% laer as die ooreenstemmende tyd van die vorige seisoen.

Volhoubaar gesertifiseerde (RWS), goeie kwaliteit Merinowol, het weereens goeie aandag geniet op die veiling en gesorg vir gesonde kompetisie tussen kopers.

Produsente kan gerus kennis neem hiervan en ook aanvaar dat dit 'n toekoms-neiging is wat gekom het om te bly. Skakel gerus met OVK om u by te staan in die sertifiseringsproses.

For the Lord gives wisdom; from His mouth come knowledge and understanding. Proverbs 2:6

Be very careful, then, how you live — not as unwise but as wise, making the most of every opportunity, because the days are evil. Ephesians 5:15-16

TLU SA again demands economy be opened entirely in light of latest labour force statistics

TLU SA makes an urgent call on the government to completely open the economy to prevent more job losses and to combat poverty.

StatsSA today released the quarterly labour force statistics for the second quarter of 2020. Employment decreased in all sectors during the previous quarter as a direct consequence of the lockdown, which is still active on level one. Employment in agriculture showed the lowest number of losses with a decrease of only 7,6% compared to 10,8% in the formal sector, 21,9% in the informal sector and 23,6% from private households.

"Agriculture succeeded in retaining a vast part of its labour force and is, therefore, the sector which presents the best," says Mr Henry Geldenhuys, the president of TLU SA. "We hope the government succeeds in doing the math and realises that the lockdown wreaked havoc on the industries prohibited from working, causing various long term consequences."

Even though the unemployment rate decreased as well, StatsSA admitted that it does not reflect an improvement in the labour market but rather an effect of the national lockdown. The official definition of unemployment requires that people look for work and are available for work. The national lockdown hindered people from looking for work.

"It will take quite some time for us to establish the true and total impact of the continued lockdown on the South African economy and its residents," says Mr Geldenhuys. "But, in the meantime, it is clear that the government must completely change their existing approach to the process of repair."
